

From Tyco Security Products

SR-740 PG2 PowerG Wireless Outdoor Siren

Features that Make a Difference:

- PowerG two-way Frequency Hopping Spread Spectrum FHSS-TDMA technology - provides robustness and reliability closer than ever to wired
- Sleek design and robust weatherproof housing (IP55) with high power strobe light
- Differentiated alarm sounds for intrusion and fire
- Loud 110dB Piezo siren
- Large transmission range enabling repeater-free installations
- Battery life 8 years with typical use
- Visible link quality indication shown on the device
- Choice of red, blue, orange or white lens with large free screen-print area for company logo and information
- Compatible with PowerMaster intruder alarm systems and PowerG receivers

SR-740 PG2 is a self-powered wireless two-way outdoor siren (IP55) that provides the perfect security solution for home owners

with PowerMaster intrusion alarm systems, looking for an external siren that is both affordable and easy to install.
